

Hi Po,

The trip was enjoyable for the family and everything went smoothly as planned. Custom really opened up many of the visitors ' bag, good thing is what you had advised and we cleared very fast. Transalpine train scenery so so (maybe I expected too much). Helihike was a new experience. We did jetboat and canoeing in Queenstown and just relax around. Star gazing night was clear and looked like many researchers up there. Oh .. on the way to tekapo, we made an impromptu stop at the bungy jump to watch and ended up my daughter and I jumped too ! I think this is one of those things we will remember for long time.

Weather throughout was clear and good but do not know why balloon was cancelled.

Generally we like the apartment type accommodation but on one Saturday night, our room in Quest apartment in Christchurch was facing a disco and the music was too loud to allow sleeping.

Pace there quite slow - we were not used to the long waiting in the restaurant.

Have fun in your coming trip !

Best Regards
